Professional Summary

Passionate and creative Front-end Web Developer with hands-on experience in building modern, responsive, and user-friendly web applications. Expertise in React.js, Redux, JavaScript (ES6), HTML5, CSS3, and API Integration. ITI certified and experienced in delivering projects that meet user needs and business goals.

Professional Experience

- **Freelance Front-end Developer Feb 2025 – May 2025**

"Completed 3 clients websites within 3 months, each with custom front-end features and full mobile support."

- Developed front-end components for a travel booking website using React.js, Material-UI, and CSS3.
- Built components for a car management system with dynamic, user-friendly layouts.
- Collaborated with clients to deliver scalable front-end solutions, adapted quickly to project changes using strong communication and problem-solving skills.

- **Front-end Developer (Blue Technology — 3 months)**

- Developed dynamic, responsive user interfaces using React.js and CSS.
- Contributed to the front-end of a full-stack app integrated with Laravel, reducing page load time by 40%.
- Ensured performance optimization and mobile responsiveness.
- Performed thorough testing and debugging for quality assurance.
- Worked on ERP systems used by 500+ internal users, contributing to front-end enhancements that improved task efficiency.
- Maintained 100% on-time delivery during 6 sprint cycles, ensuring milestone alignment with project goals.

- **Intern – Front-end Developer (Blue Technology — 3 months)**

- Assisted in building responsive web apps with HTML5, CSS3, and React.js.
- Participated in developing 5+ mobile-responsive pages for a client ERP system, leading to 95% user satisfaction in feedback.
